REPORT OF INDEPENDENT CERTIFIED PUBLIC ACOUNTANTS

Board of Directors Scarsdale Equities LLC

We have audited the accompanying statement of financial condition of Scarsdale Equities LLC as of December 31, 2008 and the related statements of income, cash flows and changes in stockholders' equity for the year then ended, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Scarsdale Equities LLC as of December 31, 2008 and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the schedules listed on the accompanying index is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SCARSDALE EQUITIES LLC NOTES TO FINANACIAL STATEMENTS FOR THEYEAR ENDED DECEMBER 31, 2008

1) Summary of significant accounting policies:

Scarsdale Equities LLC (Company) became a registered general securities broker-dealer on June 27, 2005 and is subject to regulation by the Securities and Exchange Commission (SEC) and the National Association of Securities Dealers, Inc. (NASD).

The Company operates principally under a clearance agreement with another broker, whereby such broker assumes and maintains the Company's customer accounts. The Company is responsible for payment of certain customer accounts (unsecured debits) as defined in the agreement.

Accounting for commission income is on a settlement date basis. Revenues and expenses would not be materially different if reported on a trade date basis.

Securities owned are valued at market.

Use of Estimates:

The process of preparing financial statements in conformity with generally accepted accounting principals requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

For the purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

The Company maintains cash in commercial bank accounts which, at times, may exceed federally insured limits.

The Limited Liability Company and members have elected to be treated for tax purposes as a partnership under applicable Federal and State law. Accordingly, no provision has been made for Federal and State Tax.

SCARSDALE EQUITIES LLC NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2008 (CONTINUED)

3) Net Capital Requirements:

The Company is subject to the uniform net capital rule (Rule 15C3-1) of the Securities and Exchange act of 1934, which requires that corporation to maintain a ratio of aggregate indebtedness to net capital as defined, not exceed 15 to 1. At December 31, 2008 Scarsdale Equities LLC, net capital was \$1,418,742 whereas the required net capital was \$100,000. The ratio of aggregate indebtedness to net capital was 20% compared to a maximum amount allowance of 1500%.

The Company solicits and services customer accounts, which are introduced on a fully disclosed basis to Pershing LLC. The Company's principal sources of revenue are commissions earned on customer accounts. The Company does not hold customers' cash and/or securities and is exempt from the provision of SEC Rule 15C3-3 under sub-paragraph K (2)(b).

- The Company is exempt under Rule 15C3-3 since all customer transactions are cleared through another broker dealer on a fully disclosed basis. We have ascertained that the conditions of this exemption were being complied with as of December 31, 2008 and that no facts came to our attention to indicate that the exemption had not been complied with during this period.
- 5) The Company is obligated under an operating lease for leased premises beginning June 1, 2005 for \$194,208 per annum through October 30, 2009.

REPORT ON INTERNAL CONTROL

The Members Scarsdale Equities LLC

In planning and performing our audit of the financial statements of Scarsdale Equities LLC as of and for the year ended December 31, 2008 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an oopinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the priodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that tranactions are executed in accordance with

management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatments on a timely basis. A significant deficiency is a control deficiency, or combintion of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally acepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

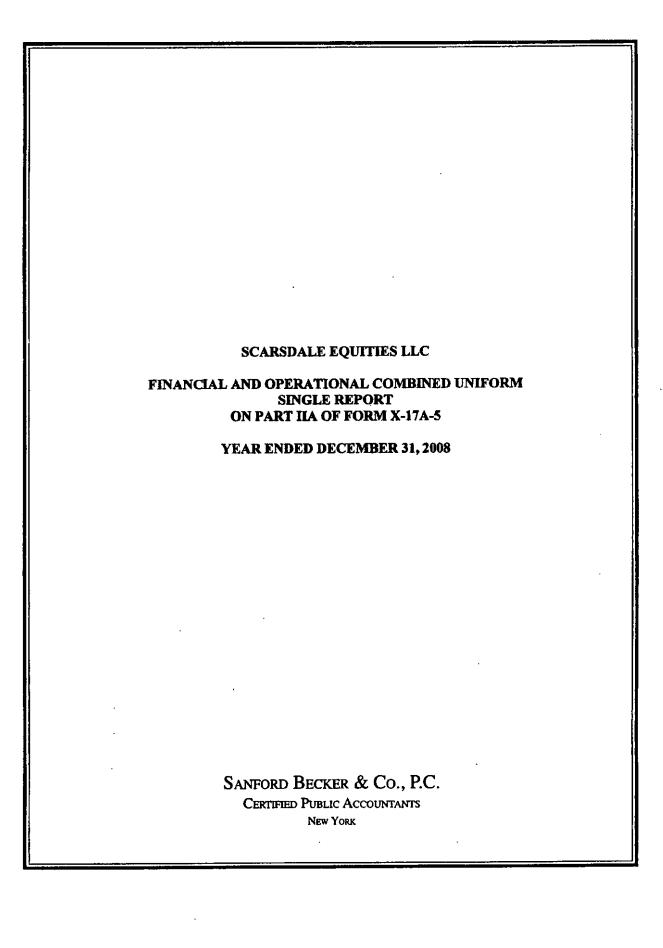

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such pruposes. Based on this understanding and on our study, we believe that the company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Dirctors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
